

Union County is working with the Town of Norwood to ensure long-term, sustainable water supply for current and future service areas in the Yadkin River Basin. This project will include a new water intake and pump station on Lake Tillery in Norwood, a new water treatment plant in Union County and an approximately 28-mile pipeline to bring water to Union County residents in the Yadkin River Basin, providing Yadkin water for Yadkin needs.

Project Benefits

Long-term water supply for residents

Reduced dependency on the Catawba River

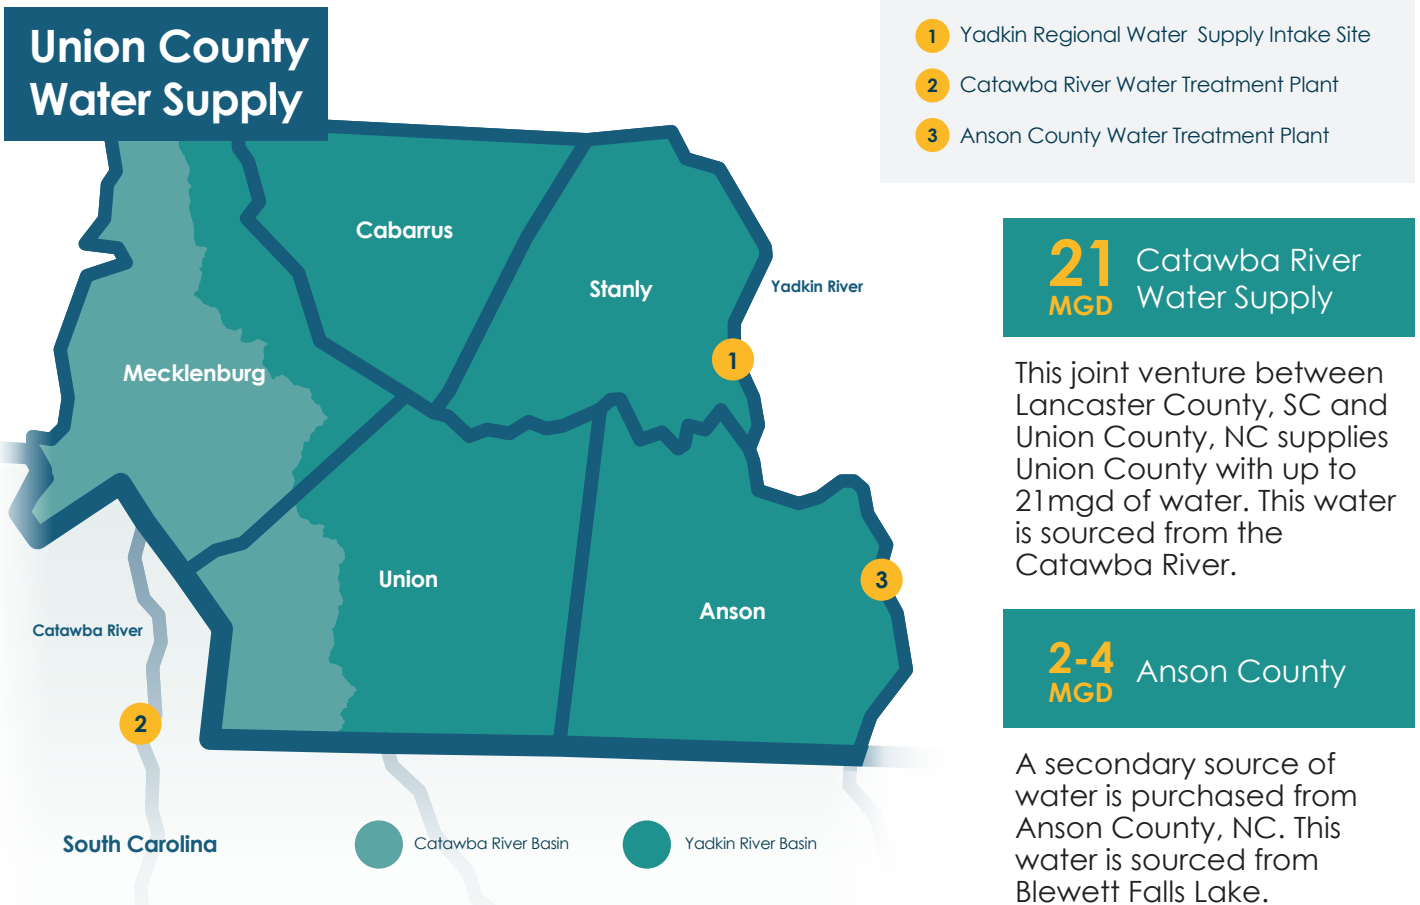

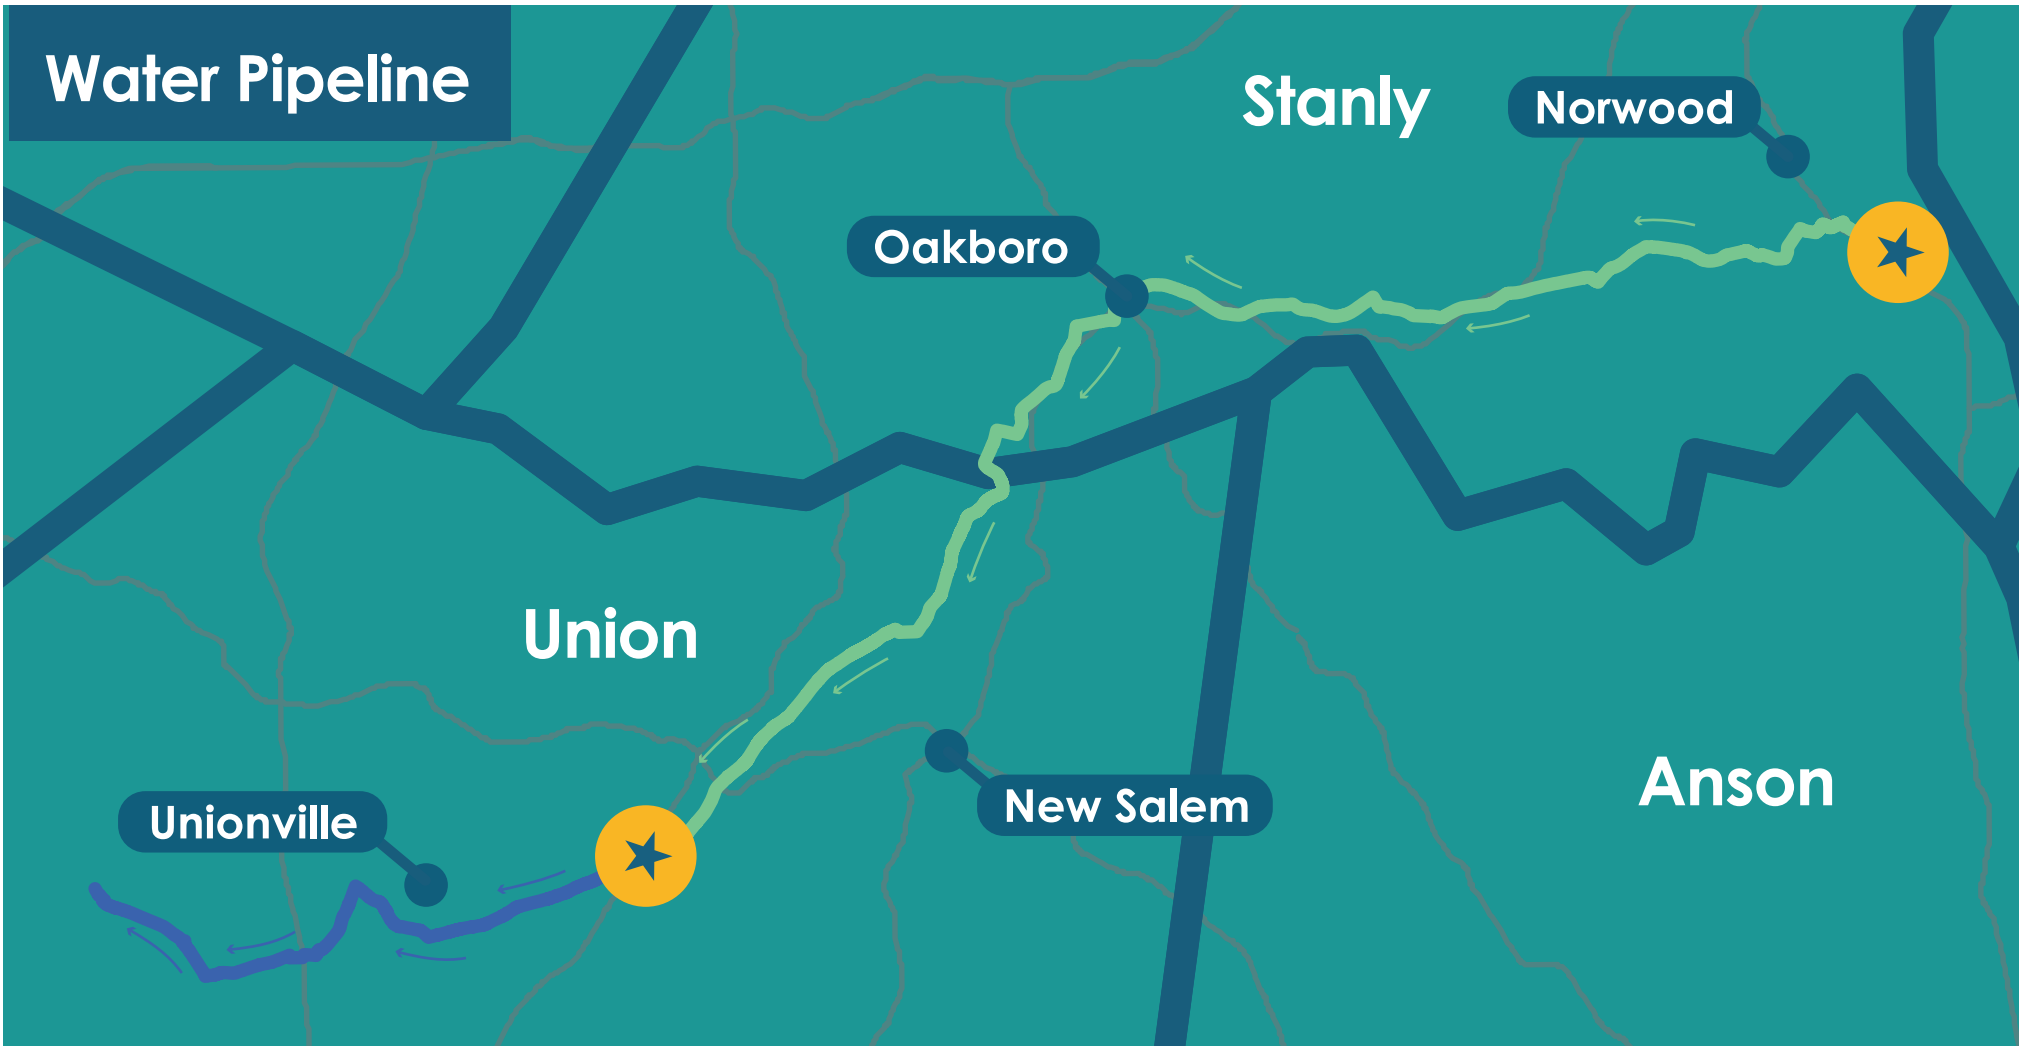

Infrastructure funding for Norwood

Support for continued economic growth in Union County and Norwood

Where Our Water Comes From

Finished Water Alignments Raw Water Alignments
